Metallgestell
Metal base

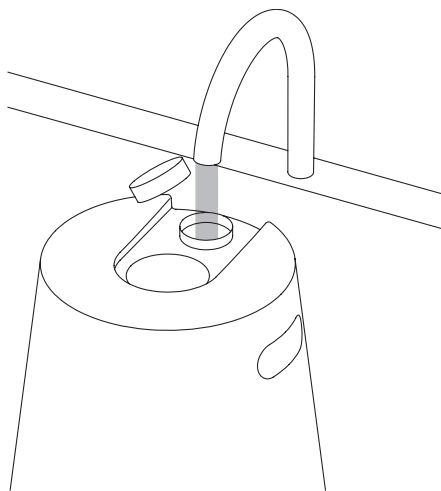

1.
Füllen Sie den tragbaren Gewichtstank mit Wasser.
Hinweis: Für größere Tischplatten mit einer Tiefe von 160-180 cm ist es ratsam, stattdessen Sand zu verwenden.

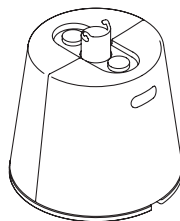

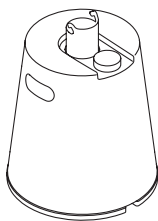

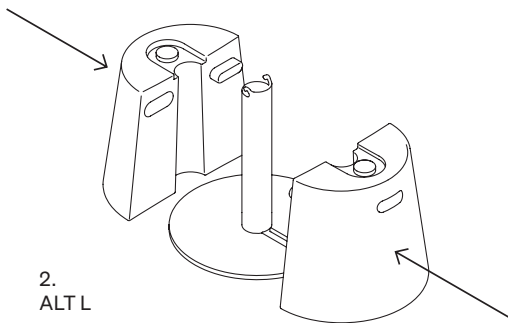

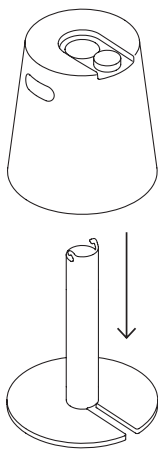

Fill the portable weight tank with water.
Note: for larger tabletops with a depth of 160-180 cm it is advisable to use sand instead.

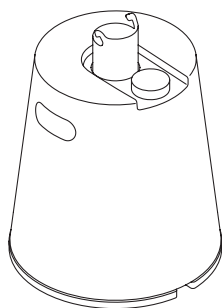

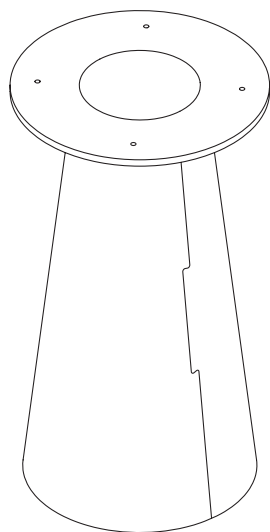

2.
Setzen Sie den Gewichtstank anschließend auf die Metallbasis.

Next, position the tank onto the metal base.

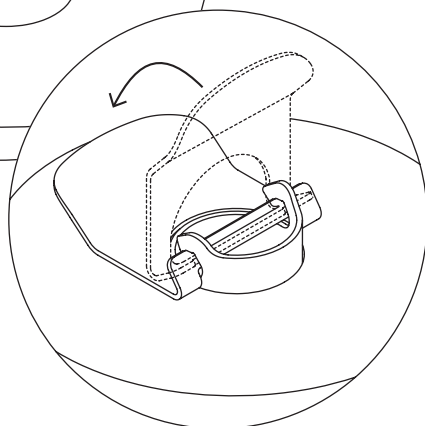

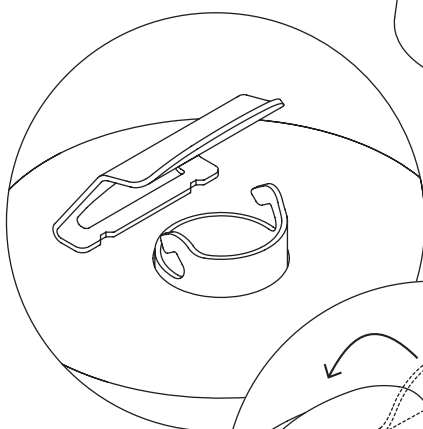

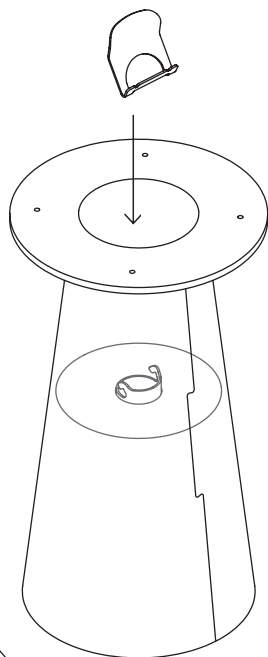

2.
ALTS

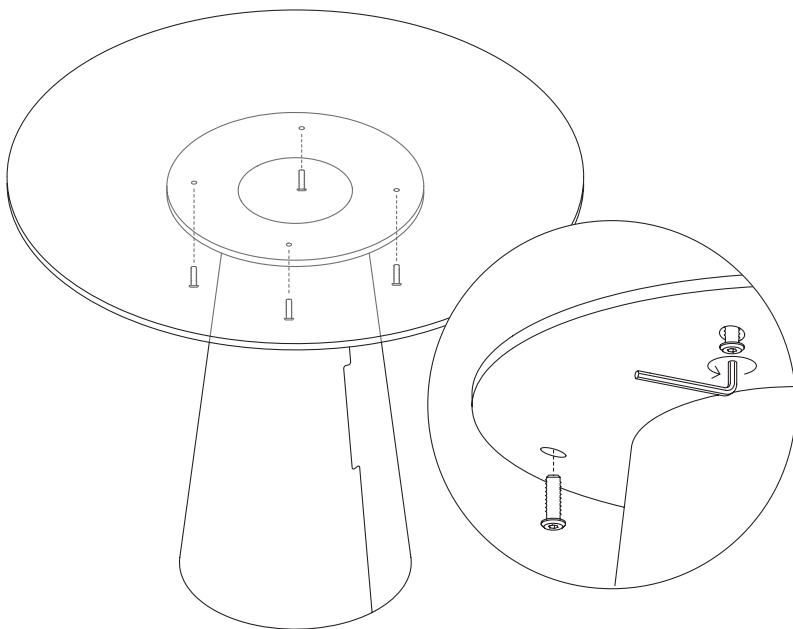

3.

4.

5.

3.
Setzen Sie den Konus auf die Basis

Position the table cone onto the base

5.
Schrauben Sie die Tischplatte auf den Konus.

ScREW the table top to the cone.

4.
Verbinden Sie die Basis mit dem Konus, indem Sie die Klammer in die Öffnung des Metallrohrs einführen, sie dann mit Druck um 90 Grad drehen und festdrücken.

Connect the base to the cone using the metal clamp. Begin by inserting the clamp into the opening of the metal tube, then apply significant pressure to rotate it of 90 degrees and push it in place.
